

Monocacy Valley Montessori Public Charter School

Located in Frederick, Maryland

Has an Upper El Montessori teacher opening for 2016-17!

Who? Our Montessori Charter School was the first charter school to open in the state of Maryland. Now starting our 14th year, our students perform at the top in county and state required assessments!

Our Students? We serve a diverse population of 3 year olds through 8th grade. Each year, after the Lottery, we have over 1,000 students on our Wait List. The majority of our 300 students entered in Primary and have remained with us through 8th grade.

Our Upper El Team? We have 4 Upper El classrooms masterfully taught by certified, AMS trained teachers. Each class has up to 25- 4th, 5th and 6th graders and a full-time IA assigned specifically to that classroom.

Unique to Maryland? In our state, Charter teachers are employees of the county school district. That ensures that teachers all earn a good salary, have excellent benefits and are reimbursed in their pursuit of higher degrees.

Going Outs this year? Our Upper El classes went to the White House, the Holocaust Museum, the Baltimore Aquarium, Gettysburg, as well as 'walks' to local libraries, museums and grocery stores! So much history here!

We are a caring community where you can feel the warmth the minute you enter the door.

Interested candidates need to apply at FCPS.org and to contact Nancy.radkiewicz@fcps.org Principal

Required: Elementary Teaching license; Montessori certification; prefer- 3 years teaching experience

We look forward to hearing from you!
